## SMITH AND RODEY ARE CONFIDENT

Opposition to the Statehood Bill will be beaten  
when final Vote is taken Territorial De-  
legates are Sanguine of Success

(SPECIAL TO REVIEW.)

Washington, Dec. 3.—Delegates Smith and Rodey are not disheartened over the report made by the senate committee on territories recommending the admission of Oklahoma only and against Arizona and New Mexico. They claim they have a sufficient number of republican senators to adopt the minority report which will be presented by Bates, recommending the admission of the three. They claim seventeen republicans as favorable to the omnibus bill and thirty-three democrats, giving a sufficient margin over the number to pass the bill. Delegate Rodey said tonight that it was to their interest not to divulge the names of the republicans who will vote for the omnibus measure. He says they have the opposition beaten now.

## QUAY STILL OUR FRIEND

### SENATE COMMITTEE REPORTS STATEHOOD SUBSTITUTE

Senate Yesterday Began to Transact  
Actual Business by Doing Business Before It

Washington, Dec. 3.—The senate began real work by disposing of the business before it, although the session lasted only an hour and a half. When adjournment was taken at 1:30 o'clock out of respect to the memory of Representative De Graffenreid and Shepard of Texas the bill to amend the immigration laws was under consideration.

Early in the day Senator Nelson, from the committee on territories, reported a substitute for the Omnibus Statehood bill with a recommendation that Oklahoma and Indian territory be admitted into the union as one state under the name of Oklahoma. When the immigration bill was brought up Senator Quay precipitated a discussion over the status of the statehood bill, which was terminated by a ruling from the chairman that beginning December 10th it would be unfinished business and that at the closing hour each day it be laid before the senate unless displaced by a vote of that body.

### BRILLIANT WEDDING IN LONDON.

London, Dec. 3.—The marriage of Miss Alice Constance Ward of New York to Captain Cyril Blackburn-Tew at Holy Trinity church, Sloan street, today, was one of the brightest ever seen. The church was crowded with representatives of the American contingent and English society as well.

Seldom has been seen a more beautiful dress than that worn by the bride. It was made of ivory satin full court train of Brussels lace chignon. The bridesmaids looked remarkably pretty in delicately flowered silk dresses made over white chignon petticoats, with blue sashes, distributing favors made of lilies of the valley and gardenias to the guests. The bride was given away by her brother, Count Reginald Ward.

After the bride and bridegroom had driven away from the church everyone repaired to the Hyde Park Hotel, where refreshments of all kinds were dispensed. Later in the afternoon Capt and Mrs. Tew started for Paris, where they will make their future home.

### DAUGHTERS OF CONFEDERACY.

Fort Worth, Texas, Dec. 3.—Fort Worth has opened wide its gates to scores of fair delegates who have arrived for the annual state convention of the Daughters of the Confederacy. Austin, Galveston, Corsicana, Waco, Terrell and other cities of the state have sent large numbers of delegates who are being handsomely entertained by the local members of the society and by the people of Fort Worth generally.

### PETER MAHER VS. "KID" CARTER.

Philadelphia, Pa., Dec. 3.—Followers of ring events in the Quaker City are on the qui vive in anticipation of the bout at the Penn. Art club tonight between Peter Maher and "Kid" Carter. Interest in the match is heightened by the excellent showing Maher made in his recent go with "Philadelphia Jack" O'Brien. Both Carter and Maher are fast fighters and hard hitters so that the meeting is likely to be a gruelling match whether it lasts only a round or goes the limit.

## PHOENIX MOVES FOR STATEHOOD

### A DELEGATION APPOINTED TO GO TO WASHINGTON AT ONCE

Telegrams Sent to the Mayors of the  
Leading Cities in Arizona Asking  
for Co-operation

In response to a call lately issued by the board of trade there was an enthusiastic meeting at the rooms of the board last night to take action in the matter of sending a delegation to Washington to present the claims of the territory to statehood. D. H. Burris was chairman of the meeting and Secretary Van der Veer of the board was secretary. It was the sense of the meeting that there was yet much work to be done before final action is taken by congress on the statehood bill; that there is much information which ought to be laid before inquiring senators and that there is not much time to do it. Much of this information is to be supplemented to that gathered by the sub-committee in the course of its hurried journey through the territory. It was finally resolved that the following gentlemen should compose the delegation: Former Governor N. O. Murphy, Governor Brodie, Former Governor McCord and Surveyor General H. H. Price.

It was proposed that Mr. F. M. Murphy be made a member of the delegation but Governor Murphy, his brother, said it would be impossible for him to go at this time; it was also thought best that in the event he could go to Washington he should go as the representative of Prescott.

It was proposed that there should be a concert of action by the towns of the territory in this matter and accordingly the following telegram was sent to the mayors of the towns of Prescott, Bisbee, Douglas, Ash Fork, Williams and Yuma:

Citizens' meeting called by board of trade this evening urges responsible citizens of Arizona to take action for strong delegations to be sent to Washington at once in interest of statehood bill to be considered by the senate on December 10. Committee of four appointed here to act with other delegations. Will you join in the representation?—Republican.

### JOHNSTONE WILL DIE

Slayer of Kate Hazzett Cannot Recover from Self-Inflicted Wound

Philadelphia, Dec. 3.—Barry Johnstone, the actor who murdered Kate Hazzett, a member of the Keith theatrical stock company, Monday, and shot himself, is dying tonight at the Hahnemann hospital.

Physicians have given up hope of saving his life and their efforts today have been to render his death as painless as possible. Johnstone's mother, two brothers and two sisters, who came here from their homes at Syracuse, N. Y., on learning of the tragedy, have been in constant attendance at the bedside of the dying actor.

Thomas Higgins was one of the Bisbee contingent who visited the county seat yesterday.

## OPPOSE STATEHOOD WITH OKLAHOMA

### FIVE CIVILIZED TRIBES OF IN- DIAN TERRITORY WISH TO REMAIN INDEPENDENT

Governor's Convention at Eufaula Ex-  
presses Hope That Territory May  
Ultimately Become a State

Eufaula, I. T., Dec. 3.—The governor's convention of the Five Civilized Tribes of the Indian territory, which convened at Eufaula yesterday with a large attendance of delegates, adjourned this afternoon after a harmonious discussion of double statehood. The following resolutions were adopted as a memorial to congress on the subject of ultimate statehood for the country embraced by the Five Tribes:

"Whereas, The Five Civilized Tribes of the Indian territory have, by agreement made and entered into with the United States, provided for the dissolution of their tribal government; and

"Whereas, The changed conditions brought about by such agreement require a complete revolution in our land tenure and new laws and usages unknown to the Indians composing the Five Tribes of the Indian territory, which conditions will require time for the new citizen to adapt himself to the changed order of things, and

"Whereas, These changes were apparent to the contracting parties at the time of the making of said agreements, which is evidenced by the fact that a separate political organization was provided for the Indian territory and the period for dissolution of said tribal government was fixed at March 4, 1906, and

"Whereas, Citizens of the United States and not Indians now resident in and upon the lands of the Five Tribes are making, by petition and lobby influence, efforts to induce the congress of the United States to ignore the spirit and letter of these agreements by placing the Indian territory under the laws of Oklahoma territory, falling in that to organize a regular United States territory out of the present judicial organization known as the Indian territory, either of which propositions would delay the work of the government as now organized and satisfactorily proceeding under the direction of the secretary of the interior in our territory for the fulfillment of the agreements referred to.

"Now, therefore, be it resolved by the duly authorized representatives of the Five Civilized Tribes in convention assembled at Eufaula, I. T., November 28, 1902, that we affirm our confidence in the purpose of the United States government to faithfully discharge the obligations she has assumed in her treaties with the Five Civilized Tribes in the Indian territory.

"We are opposed to and protest against any legislation by congress that contemplates the annexation of the Indian territory, or any part thereof, to the territory of Oklahoma, or to any state, and we insist upon our tribal governments continuing unchanged until March 4, 1906, at which time, should congress deem it wise to change the present form of government in the Indian territory, we ask that a state be formed out of the territory composing the Indian territory, without the preliminary steps of a territorial form of government;

"That the authority and supervision of the department of the interior over Indian affairs in the Indian territory and the duties imposed on the Dawes commission by such authority in the distribution of the lands belonging to the Five Civilized Tribes are sufficient for the present demands of government and satisfactory to the owners of the soil;

"That this is incumbent upon us as self-governing people to propose a state form of government and take part in the establishment of the same for the country owned by us, to take effect at the dissolution of tribal government in 1906;

"We most earnestly protest against the misrepresentations found in the petitions presented by the people assembling in conventions at different places in the Indian territory, purporting to represent the wishes of the people of the Indian territory, firmly believing as we do that they represent no part of the Indian population, and a very small part of the white population of the Indian territory, insofar they represent the people of the Indian territory, as asking for territorial form of government or statehood jointly with Oklahoma."

Washington, Dec. 3.—The house today passed the bill appropriating \$50,000 to defray the expenses of the anthracite coal strike commission, and then adjourned until Friday when the London dock bill will be considered. There were two hours of discussion on the commission bill, during which the action of President Roosevelt, creating the commission, was highly commended, except by Representative Burton of Missouri, democrat, who contended that the commission was created without the authority of law or construction. ## EXPLOSION ON A STEAMSHIP

### SAN FRANCISCO BAY SCENE OF ACCIDENT

A Score of Persons Injured and Many  
Missing—Vessel Burned to the  
Water's Edge

San Francisco, Dec. 3.—While the steamer Progress was lying at the wharf of the Fulton Iron Works this morning an explosion occurred and as a result of which twelve men are missing and a score or more injured more or less and property to the value of two hundred thousand dollars destroyed.

The disaster occurred while forty mechanics and twenty of the ship's crew were aboard. Below the decks the mechanics were busy completing the work of converting the vessel from a coal burner to an oil burning oil carrier, when one of the oil tanks exploded.

The men were hurled through the air and the ship burst into flames and burned to the water's edge. Flying debris from the explosion wrecked a part of the Fulton Iron works office buildings and injured many employees.

The explosion is supposed to have resulted from gas which had generated in the oil tank. There were several other explosions but the first one did all the damage.

### BRIDE IS ARRESTED

On a Charge of Postal Fraud in  
Illinois

Springfield, Ill., Dec. 3.—Mrs. Hugh Buchanan, a bride of six months, and member of a prominent and wealthy family of Mount Vernon, Ind., is locked up in the county jail here awaiting trial in the United States court on a charge of raising a postal money order from \$2 to \$20.

Mrs. Buchanan has enlisted the sympathies of all who have seen her since her incarceration last night. She has wept bitterly all day, and between sobs told a pitiful story of her trouble.

Mrs. Buchanan declares that Thos. Buckley, postmaster at Mawnee, White county, Illinois, is responsible for her predicament. She declares he sought revenge because she repulsed his attentions while she was conducting a millinery store in Mawnee. Afterwards, she says, she went to the postoffice and purchased from him a \$2 money order to send to Mrs. Ada Sperlock, in Mount Vernon, Ind. The postmaster, she says, made out the order and she mailed it without examination.
